

PREFERRED AUTO SALES

Why Use Members AutoChoice (MAC)?

- No haggling with dealers
- Be armed with information on current rebates, optional equipment, and payments
- Almost always next day delivery
- Trade-ins accepted (or We'll Buy Your Car)
- Current Credit Union membership not required to get started

Find exceptional value and a no-hassle experience for your new or pre-owned purchase.

We'll find the vehicle you want, negotiate the price for you and deliver it to any of our various locations of your choosing.

“This was a great buying experience. Members AutoChoice was able to find the car I wanted at a great price and have it delivered a month sooner than the local dealers. I have recommended MAC to several friends.” — Bob A.

About MAC

MAC is an auto buying service that assists members of partner credit unions in locating and purchasing new or previously owned vehicles. We are a family owned business that operates under the principles of integrity, value, and ease of doing business.

Our Mission

Members AutoChoice's mission is to provide exceptional car buying service and value to our customers. We will maximize our customers' buying power through comprehensive search and negotiations, delivering without hassle a vehicle that meets their specifications. That's our promise and guarantee!

Service After the Sale

Our service continues after the sale. We will inform you of the best and most economical places to get your vehicle serviced; and we will give you tips on the proper care for your vehicle to maximize its value.

Trade-Ins

We will assist you in obtaining the most for your trade-in through sealed bids from wholesalers.

How the Process Works

1. Contact your credit union to get your loan pre-approved.
2. Contact us for your free auto consultation. Our trained staff will be happy to discuss vehicle specifics such as optional equipment, mileage limitations, color choices, price ranges, etc.
3. We'll find your vehicle and contact you to set up a convenient time to test drive the vehicle.
4. If you like the vehicle, you have the option to put down a non-refundable \$300 deposit to ensure we do not sell the vehicle for three business days, or you can purchase the vehicle on the spot.
5. If you purchase the vehicle on the spot, the credit union will handle the loan paperwork and we will complete your vehicle paperwork.
